THE GEECHEE

Armstrong State College

Savannah, Georgia

We all deserve a new beginning,
A time with all our troubles ending,
But it takes more than our dreams for a brand new start,
We must pitch in and do our part.
Learning, searching, growing, blending,
Looking for that new beginning.

We are different — yet still the same,
Through CHAOS, Rush, intramural games,
Honor Code and full class load,
B.S.U. and Phi Mu,
Basketball, class roll call,
S.G.A., and Maspuers play,
All these are parts of our common ground,
Through which a fresh start can be found.
Through troubles often come our way,
There is a new beginning with each new day.

MR. PAUL ALVIS HARRIS

The 1980-1981 GEECHEE is proudly dedicated to Mr. Paul Alvis Harris. Mr. Harris is the Director of Student Activities. He has been a great asset to the yearbook staff, without whom this book would not have been published.

Some of his duties as Director of Student Activities are advisor to the GEECHEE, IFC, AND CHAOS. He is also the supervisor for the game room and he sits in on Senate and CUB meetings. Mr. Harris is a very organized person. He takes his job seriously and does his best to get good activities for the student. He also Paddles a mean canoe, as evidenced on the canoe trip down the Ohoopee River last fall quarter.

Anyone who knows Mr. Harris is aware of his dedication to his work and his willingness to help — one only must find him when he is in or when he's not helping someone else. He has the true school spirit: he came to school on Halloween dressed as "Darth Vader", he gave blood during the campus blood drive, and he participated in the CUB sponsored canoe trip already mentioned.

Mr. Harris encouraged us in the spring of 1980 to try to get the yearbook started again. He was there with his support and advice during our numerous meetings to decide if indeed the administration would allow us one more chance to have a yearbook. Without his championship and confidence (the latter suffered a little toward deadline time though) this annual would have not become a reality. For these reasons and others, this book is dedicated to him.

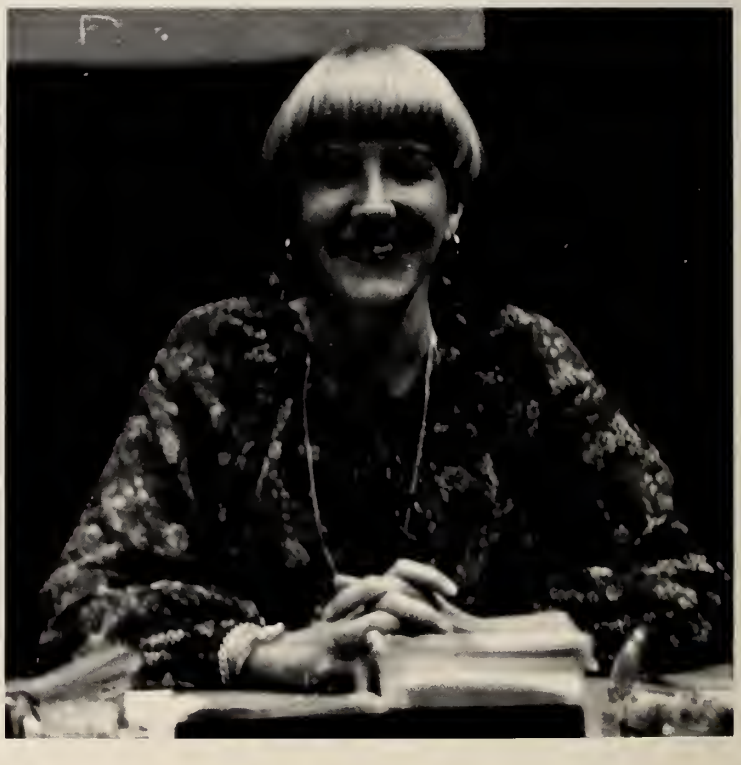
PRESIDENT ASHMORE

Born in Tallahassee, Florida in the 1920's, Henry L. Ashmore married Clarice Langston in 1946 and has two children. He went to school in Sopchoppy, Florida and obtained his B.A.E., with Honors, his M.A.E., and his D.Ed. from the University of Florida. He received the Graduate Fellowship from the University of Florida 1947-1950.

He was elected to Phi Kappa Phi, Phi Delta Kappa, Kappa Delta Pi, Phi Theta Kappa, and Alpha Phi Omega honor fraternities. He was also a Recipient of Outstanding Service award of National Athletic Association of Junior Colleges.

Dr. Ashmore is past president of Pensacola Junior College and has been president of Armstrong State College since 1964. He is a member of the Board of Trustees of Candler General Hospital, Vice President to the Savannah YMCA, National Council Member of the Boy Scouts of America. He has had articles published in the Journal of Educational Research and The Journal Of Teacher Education.

Dr. Ashmore is also listed in Who's Who in America and Who's Who in American Education.



Mrs. Elizabeth Durfee, Secretary to the President

SCHOOL OF ARTS AND SCIENCE

The School of Arts and Science was organized in 1978 at Armstrong by bringing seven exsisting departments into a separate academic-administrative unit designed to deliver more effectively the specialized instruction in humanities, sciences, and social sciences necessary for liberal arts and other degrees offered by the college. These seven departments are: Biology, Chemistry and Physics, Fine Arts, Histroy and Political Science, Languages and Literature, Mathematics and Computer Science, and Psychology. By virtue of their instructional support for all degree programs at the college, most of these seven departments touch every degree student at sometime in his or her collegiate education. Students who complete degrees sponsored by the School of Arts and Sciences Benefit further from the established values of a liberal arts education.

The goal of the School of Arts and Sciences is in, the broadest sense, to develop educated minds in the intellectual traditions of western culture. More specifically, the school has established its goals as those acquainting students with the diversity of the intellectual and cultural achievements of man, of assisting them to understand and assume their responsibilities as free men and women in a democratic society, and of providing a liberal education laced with sound instruction and a commitment to free inquiry.

The School of Arts and Sciences is comprised of the following departments:
Biology
Chemistry and Physics
Fine Arts
History and Political Science
Language and Literature
Math and Computer Science
Psychology

PSYCHOLOGY

THE SCHOOL OF EDUCATION

The Schocl of Education of Armstrong State College is comprised of the Departments of Early Childhood and Elementary Education, Physical Education and Athletics, and Secondary Education. Plans were developed for the new school during the 1978-79 academic year and implementation was begun in September, 1979. Major academic programs of study are offered by each of the three administrative/academic units of the school. The programs are offered at the undergraduate and graduate levels. Undergraduate programs offered under the Bachelor of Science in Education Degree include: Early and Middle School Education, Art, Biology, Business, English, Science, Mathematics, Music, Physics, Social Studies, Industrial Arts, Trade and Industrial Education, and Health, Physical Education and Recreation. Graduate level programs offered under the Master of Education Degree include: Biology, Chemistry, Early Childhood Education, Middle School Education, Behavior Disorders, English, Business Education, Mathematics, History, and Political Sciencs.

The principal goal of the School of Education is to prepare men and women to posess the ability to apply intellectually derived solutions to the problems and challenges facing mankind, and to be competent as teachers/educators.

SCHOOL OF HUMAN SERVICES

The individual development of the student is the most important objective of a college education according to the School of Human Services. The School is headed by Dr. James F. Repella. The major role and function of the School of Human Services is to provide an appropriate academic, intellectual, and proffessional atmosphere for the development of a high level of professional competence. This included, but is not limited to the development of intellectual and physical competence, self-esteem, independence, reliability, responsibility and leadership qualities.

The School of Human Services includes the following departments: Criminal Justice, Dental Hygiene, Associate Degree Nursing, Baccalaureate Degree Nursing, Social Work, Respiratory Therapy, and Medical Records.

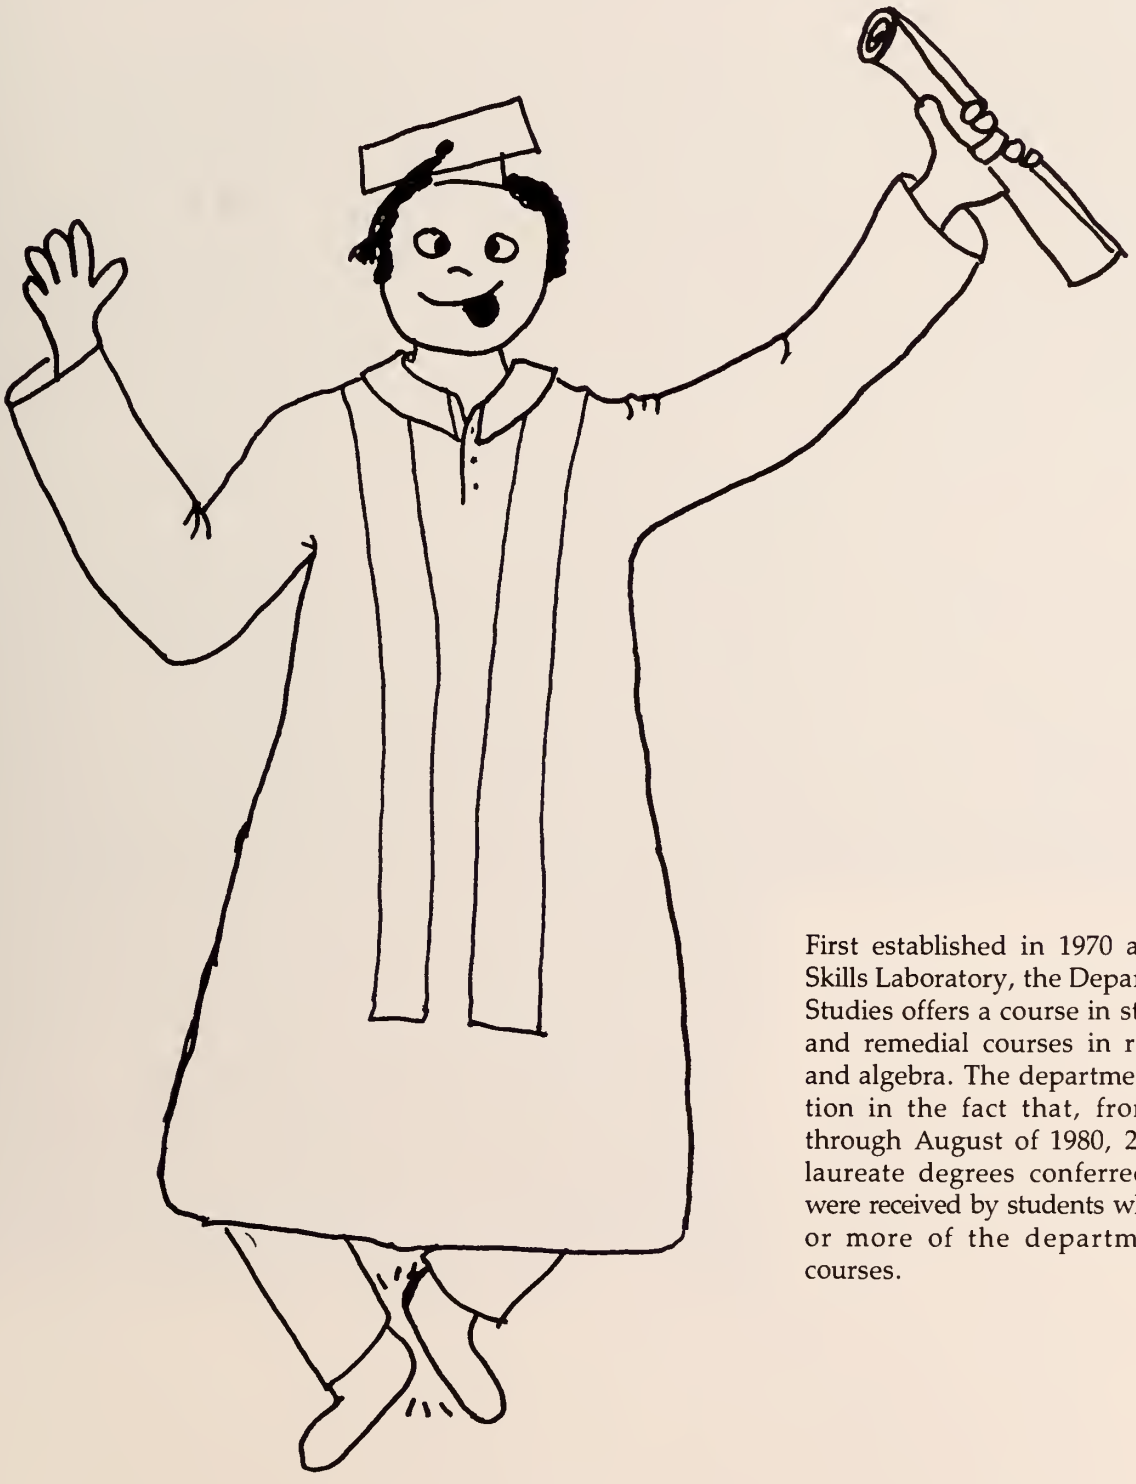
ROTC
THE SCHOOL OF MILITARY SCIENCE

Army ROTC is new to Armstrong State College this year. It is headed by Major Howard Abney. Army ROTC provides college-trained officers for the U.S. Army, the Army National Guard and the U.S. Army Reserve. The Army gains officers who have diverse educational backgrounds and contemporary ideas.

ROTC embellishes a student's education by giving him unique leadership and management experience found in a few college courses. It provides him with a developed sense of self-discipline, physical stamina and poise. Students develop qualities basic to success in any worthwhile career.

DEPARTMENT OF SPECIAL STUDIES



First established in 1970 as the Academic Skills Laboratory, the Department of Special Studies offers a course in study techniques, and remedial courses in reading, writing, and algebra. The department finds satisfaction in the fact that, from June of 1979 through August of 1980, 23% of all baccalaureate degrees conferred at Armstrong were received by students who had taken one or more of the department's remedial courses.

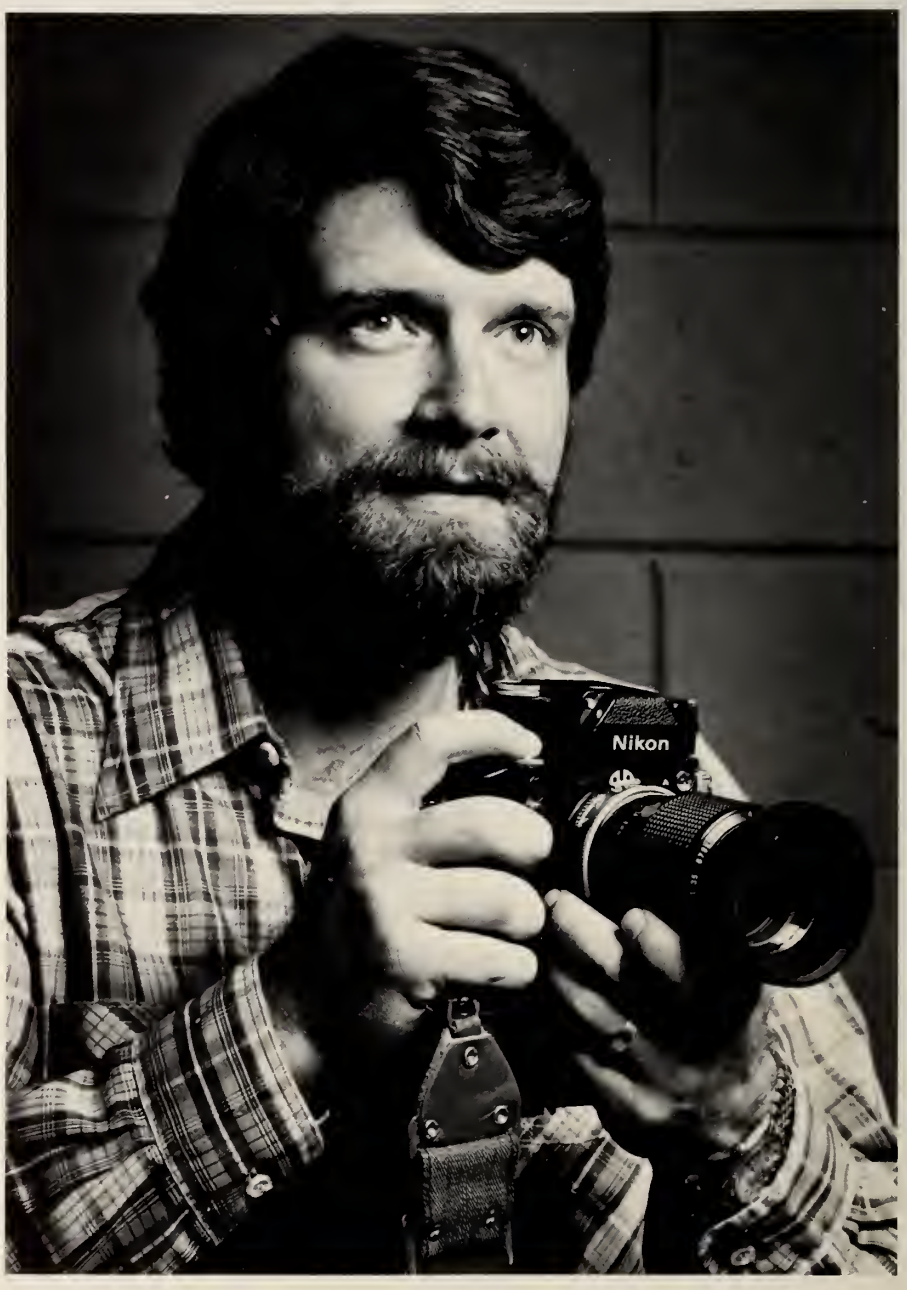
STUDENT PHOTOGRAPHIC SERVICES

The Student Photographic Services, like the Geechee, has made a retucm to the Armstrong State College campus. Its purpose is to coordinate photographic services on the entire campus for all publications and departments.

Photo orders are received and despatched to student photographers. This system is quite effective, at least for the Geechee, in combatting the greatest publication evil — photographer problems.



Windell M. Smith

LATIONS

COLLEGE UNION BOARD

The College Union Board (CUB) is the programming branch of the Student Government. The purpose of this organization is to provide a planned program for social, educational, recreational, and cultural activities for the college community.

Membership in this organization consists of the President, Vice President, Secretary, and Treasurer of the Student Government Association, two Senators, and five committee chairmen. The five specific divisions CUB supports are: Concert and Dance, Films and Video, Fine Arts, Lecture and Special Events.

Meetings are held regularly each week during the school year. Students are welcome to attend all CUB meetings.

S.G.A.

The Student Government Association provides many opportunities for you to broaden your prespective as a student leader, and enhance your college career through a high degree of involvement on campus. Students also need a voice in the affairs of the college. This voice is provided in the S.G.A., the members of which sit on faculty and administration committees and provide student imput into the running of our school. Through the S.G.A. leadership skills may be increased, especially through the Student Senate. Students from every department and major serve on the Senate, as well as representatives from the freshman and sophomore class. These Senators recognize problems on campus and student's needs, and effective ways to treat these problems and meet these needs.

ARMY ROTC

Army ROTC is a new program at Armstrong State College. Having begun in April of 1980, the Army ROTC Program gives the student an opportunity to gain information about the United States Armed Services in a college enviroment. Students who volunteer and are selected can be commissioned Second Lieutenants in the United States Army.

The Army ROTC is a recognized student activity which participates in a full range of campus activities. In a short time the Army ROTC has become fully intergrated into the way of life at Armstrong State College.

Eager to promote a closer bond among the students of Education and to enter into more intimate fellowship with those dedicated to the cause of teaching as a profession, for which specialized preparation is deemed imperative, the members of the Illinois Education Club, established at the University of Illinois in 1909, resolved to sponsor the founding of a national society with local chapters similar to its own organization, thereby aiming to foster high standards of preparation for teaching and to invite into the bonds of followship those who have attained excellence of achievement as students and servants of Education.

Successful in its endeavor, the Illinois Education Club was reorganized on March 8, 1911, and incorporated June 8, 1911, under the laws of the State of Illinois as the honorary education fraternity, Kappa Deota Pi, an Honor Society in Education.

Mu Theta, the Savannah State chapter was chartered in May of 1970 by Dr. James Eaton. The Armstrong State College chapter Nu Zeta was founded November 9, 1974 by Dr. Gerald Lentini. Mu Theta merged with Nu Zeta in June of 1980. Kappa Delta Pi is a professional organization whose members are pre-service and in-service teachers.

A.S.C. SYMPHONY BAND

The A.S.C. Symphony Band has been a proud part of the Armstrong campus for many years now. The symphony preforms once quartly at the present time. The band is comprised of college students and interested people from the community who meet and rehearse regularly under the direction of Dr. S. Brandon who has been with the college since 1973.

Director — Dr. Stephen Brandon

CHAOS

CHAOS is too often an accurate description of a freshman's transition from High School to College. CHAOS is also an acronym for Communications, Help, Advisement, Orientation, and Service: Armstrong's orientation proram. As peer advisors, the 1980-81 CHAOS Leaders (also referred as chaotians) used their cumulative experience of 28 years at Armstrong to make the college transition much smoother for 349 freshmen. In addition to their orientation responsibilities, these volunteers also served the college this year as hosts and hostesses during the NECAA and SCPA Conferences. In exchange for their service, Chaotians receive little more than a shirt and a thank you, but the training and experiences shared by CHAOS Leaders create bonds of trust and friendship that will last far beyond their years at Armstrong.

CHAOS Leaders for 1979-80:
Barbara Blackburn
John Earl Blanton
Rita Deal
Andi Etersque
Gail Goslee
Doris Hatch
Ken Hommel
Andrea Hudson
Shelley Mitchell
Craig Moore
Fran Owens
Cathy Smith
Susan Thompson

CHAOS? — YES, THAT IS US, AND WE ARE!

GEECHEE

The *Geechee* is back! After an absence of four years, Armstrong State College once again has a yearbook. The purpose of this annual is to provide history of the 1980-81 school year. As simple as that may sound, it is quite a difficult task. Layouts have to be drawn and redrawn, pictures have to be taken and developed, and copy has to be written and edited. There are also many other jobs that must be done in order for a yearbook to be published. All of that work takes time and people, both of which are hard to come by.

This years staff has had the usual problems and more; our main problem being a diminishing staff and a lack of confidence from our peers.

Through it all we struggled and finally emerged successfully!

The Dedicated Staff

Susie Kirkley — Photographic Assistant

Marhta Kilpatrick — Classes/Faculty

Michelle Borrett — Clubs

Maria Jones — Head Photographer

The Castaways

Ann Kilpatrick — Classes/Faculty

Lynn Tyson — Clubs

MASQUERS

The Masquers is the campus drama group that has for many years enhanced the cultural climate of ASC. Productions for the 1980-1981 season include Hold Me, The Fantasticks, The Master Builder, and the Heartbreak Houses.

SGAE

President — Jaqueline Joyner

Advisor — Dr. D. Robinson

The Student Georgia Association of Educators (SGAE) is a unified association comprised of college and university students involved in educational, political, and community leadership. "SGAE" membership is open to any undergraduate or graduate student enrolled in an accredited State college or university and interested in education and teaching as a career.

OFFICERS:
President — Jacqueline Joyner
Vice President — Janice Sailor
Vice President — Janet Witter
Secretary — Jacqueline Fabian
Treasurer — Voncile Carr

A.S.C. MEDICAL RECORDS ASSOCIATION

The A.S.C. Medical Record Association is composed of those students majoring in the field of Medical Record Technology in the school of Human Services. The purpose of this organization is to further our knowledge in the field of Medical Records through speaders, workshops, and presentations during our monthly meetings and social activities. We are also involved with the regional as well as the state associations.

CHORUS

The Armstrong State College Chorus is a group of highly motivated students who enjoy singing. Each quarter they learn and perform a variety of pieces ranging from Mozart to modern day music. Chorus members do not have to be music majors and an audition is not required for entry into the chorus. Dr. Harry Persse is the director for this group.

PE CLUB

ASC CHEERLEADERS

The cheerleaders are a group of individuals dedicated to the Pirates and devoted to encouraging school spirit. They are an optimistic, enthusiastic group always cheering the Maroon and Gold to victory.

ASSOCIATION FOR COMPUTING MACHINERY AND

MEMBERS: Victor Long, Ann Kilpatrick, John Earl Blanton, Rita Deal, John Morden, Marily Heim, Mat Turner, Don Miles, Sandy Kirkley, Nancy Shippee, Cathy Price, Diane Brantley, David Hobbs, William Charters, David Delorme, Marion Edwards, Davod Kwak, Susan Thompson, Bob Bridges, Cheri Bragg, Jay Browning, Joey Sikes, Walter Clayton, Drew Haynes, Barbara Johnson, Anita Lopez, Steve Seagraves, Catherine Waite, Pat Roling, Michael Myers, Kim Richardson, Robert Grant, Art Estes, Gordon Ryan.

FACULTY: Dr. Dennis Geoffrey, advisor; Dr. Richard Munson; Mr. John Findeis; Dr. Charles Leska, Dept. Head; Dr. John Hinkel ADMINISTRATORS: H. Konrad Clemens, III; Leon J Smith OFFICERS: Ri Barnes, Chairman ACM, President DPMA; Carlos Manero, Vice President ACM, Vice President DPMA; Nirmala Nambiar, Treasurer DPMA Dana Gantt, Secretary DPMA; Steve Fulton, Treasurer ACM; Chuck Brown, Secretary ACM.

DATA PROCESSING MANAGEMENT ASSOCIATION

Ri Barnes, President

Nirmala Nambiar, Treasurer

ACM and DPMA provide for the practical and intellectual exchange which only educational and scientific associations can provide. These organizations also provide an opportunity for students who have a common interest in data processing to pursue those areas which are most interesting and vital to them, and to meet and interact with data processing professionals.

Communication between students interested in data processing and the Data Processing Management Association and meeting the changing needs of people engaged in the computing arts and sciences are major goals for these organizations.

AMERICAN CHEMICAL SOCIETY

The American Chemical Society is the largest professional organization in the United States, with over 120,000 members, and has members from every country. Formed in 1876, the primary function of ACS is to foster scientific education and research.

The Armstrong Chapter of ACS is very active and is involved in many projects on the campus and in the community. Lecturers are invited to the campus every quarter to keep ACS members informed on current scientific knowledge and career opportunities. Armstrong's Chapter of ACS was one of the few chapters in the country selected as outstanding in 1973, 1978, and 1979.

CHESS CLUB

BSU-Baptist Student Union

The Baptist Student Union is the only active Christian organization on the Armstrong campus. Students of various religious denominations participate in the B.S.U.'s many activities which include: weekly luncheon meetings, Wednesday prayer breakfasts, state conventions, raising funds for summer missions, and the B.S.U. choir. The B.S.U.'s building (located behind Fine Arts) is open during the week for the use of it's members. The group is led by Campus Minister, Dick Ferrel, and Union President Hiedi Futch.

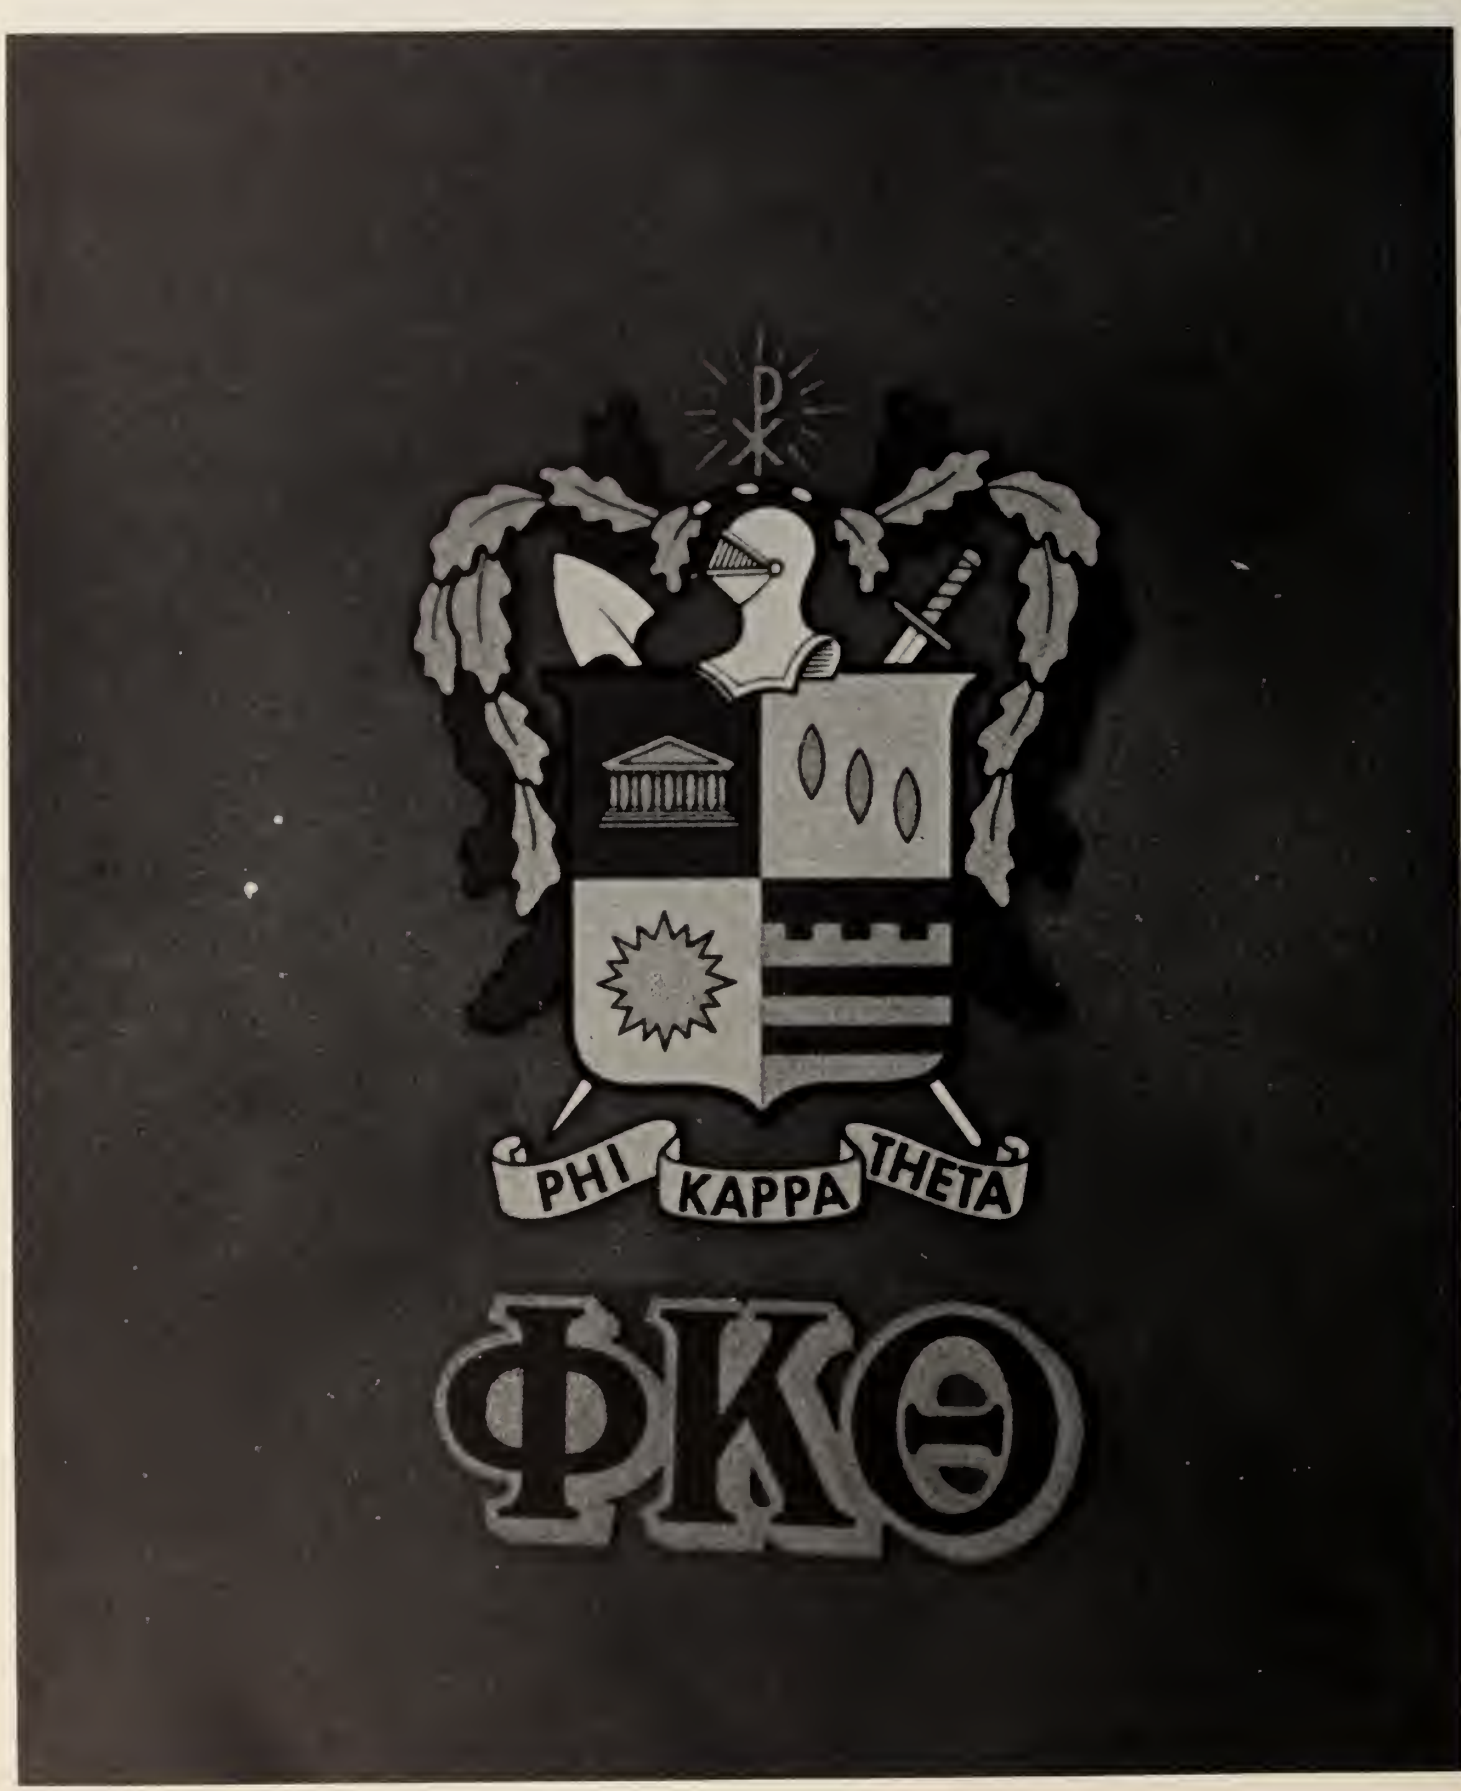
Alpha Gamma Delta was founded on May 30, 1904 at Syracuse University in New York, and has grown and prospered over the past 76 years. Alpha Gam now has 127 chapters in the U.S. and Canada. They provide community service for many through the rehabilitation of minimal-brain damaged children. Presently, Alpha Gams are working hard to raise money for the Juvenile Diabetes foundation.

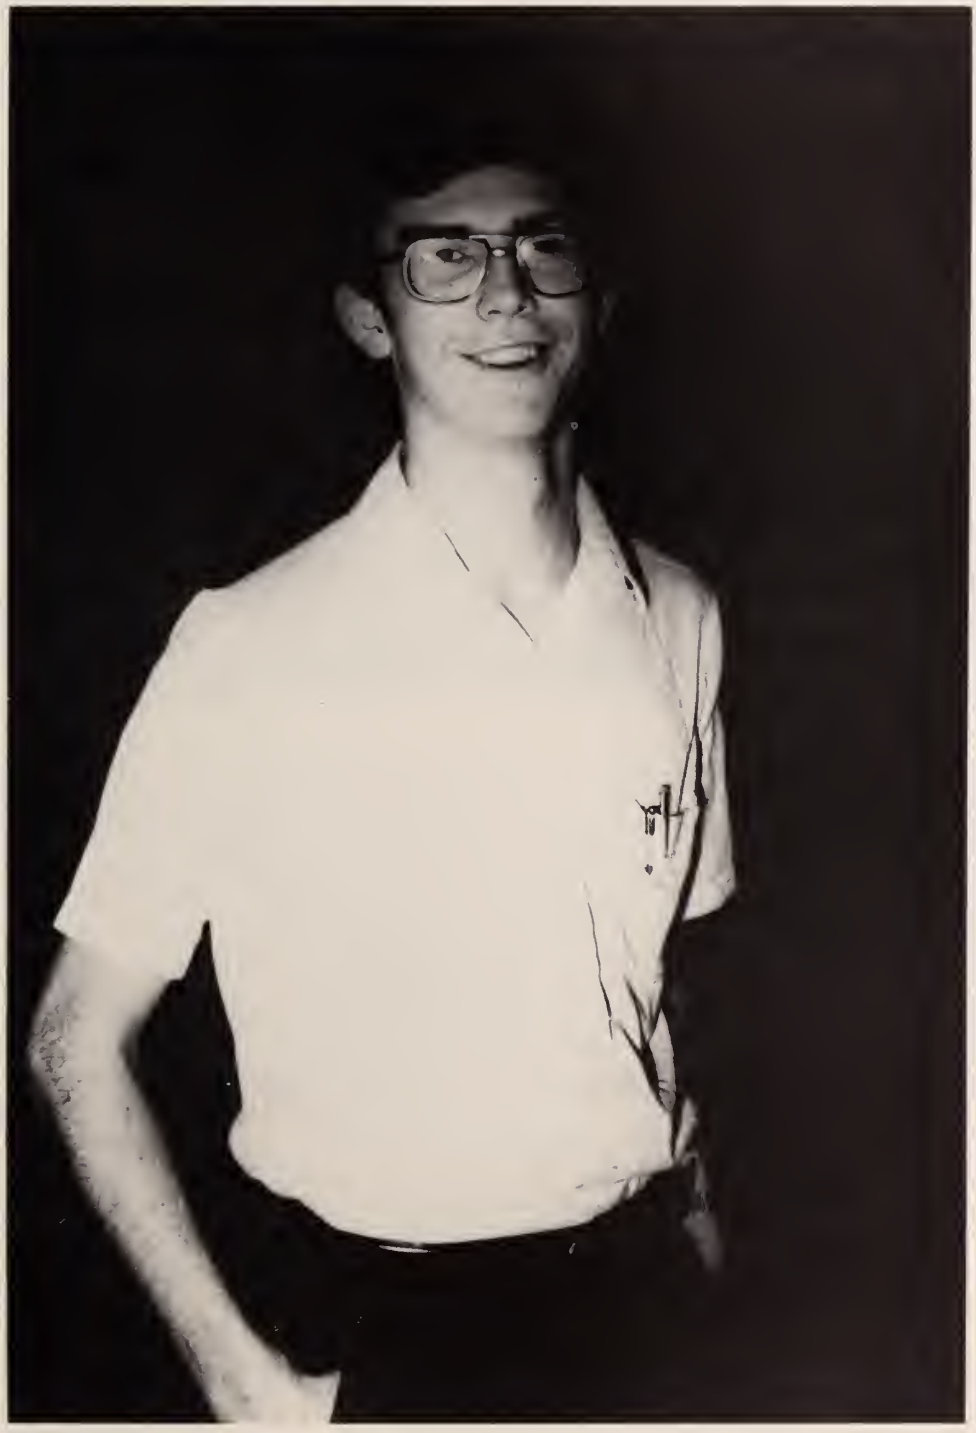
Since Gamma Rho Chapter of Alpha Gamma Delta was chartered in May of 1969, her sisters have been very active in campus life. Many Alpha Gams participate in Student Government, school publications, professional organizations, and other clubs on campus.

The members of Alpha Gamma Delta are always pursuing high ideals in scholarship and in altruistic service, but *sisterhood* binds the members together behind these common goals. Sisterhood ... secret pals, terrific pledges, candlelighting, banquets, food, more food, Go team, Women! Hey-Dee-Kay-Dee, Alpha Gamma Delta, Rah, Rah, Rah!

Alpha Gamma Delta is busy building a tradition baised on the visions of her founders and on the ideas of womanhood. Alpha Gamma Delta — the reflections of many ideas, and the hope of continueing to protect great goals and a great fraternity.

PHI KAPPA THETA





PHI MU

Phi Mu was founded at Weslyn College in Macon, Georgia in 1852 and became the first woman's national fraternity founded here at Armstrong. Phi Mu's spirit is found in all their activities. The wash board band, the carnation ball and the national philantrophy, as well as participation in S.G.A., the Geechee, A.S.C., and much more.

The three ideas which Phi Mu was founded on, Love, Honor and Truth, are practiced by each sister everyday. The sisterhood of Phi Mu is a bond of love which will always continue to grow as each new member becomes a sister.

Since its inception in 1970, Gamma Sigma Chapter of Pi Kappa Phi Fraternity has played a major role on the Armstrong campus. The fraternity has been active in Student Government, the College Union Board, student — faculty committees and intramurals.

Pi Kapps have served as President and Vice-President of the S.G.A. as well as S.G.A. Senators. Two Pi Kapps have won the Student Senator of the Year Award in recent years. Brothers have served on the College Union Board and one has won the C.U.B. Chairman of the Year Citation. The fraternity has also had one brother serve as editor of the student newspaper, the Inkwell.

Gamma Sigma Chapter has been the receipient of Outstanding Fraternity for Scholarship award for the past two years. The award goes to the fraternity with the highest cumulative G.P.A.

The chapter has been active in intramurals during its first decade at A.S.C. Gamma Sigma has been active in flag football, basketball, softball, soccer, and other sports and has won several championships.

Sigma Kappa Society has been a part of the Armstrong State college tradition since her formation on November 14, 1970. With the fall Quarter 1980, the sisters, pledges, and friends of Sigma Kappa celebrated the years on the A.S.C. campus.

Sigma Kappa believes that college must provide a learning experience beyond the education a young woman receives in the classroom. It is through this idea that Sigma Kappa was proud to have a Sigma sister who served as secretary of the S.G.A., another sister serving her second year as Editor of the *Inkwell*, as well as sisters holding leadership positions in fraternity little sister organizations. Sigma Kappa also is proud of her sisters who are members of the Chemistry Society, Senators in the S.G.A., staff members of the Inkwell, as well as members of the A.S.C. Band, Dance/Concert committee, and the Films/Video committee.

The sisters and pledges of Sigma Kappa believe that being a part of a faceless crowd cannot even begin to achieve the goals to which an individual is called. It is with this belief that Sigma Kappa welcomes each new friend and offers her the challenge to . . . "Be a part of a unique experience. Be a part of Sigma Kappa."

THE PHANTOMNESS

The 1981 GEECHEE is complete, it may not be perfect, but it is finished!!! A lot of time and hard work have gone into this book and there are a few people that need to be thanked, for without them this book would never have been published. THANK YOU — Ann Kilpatrick, Martha Kilpatrick, Lynn Tyson, Michelle Borrett, Windell Smith, and Iggy Sizemore.

Some of the pictures in this book may not be of the best quality and I apologize to the people in those pictures.

Now that the Geechee is back on the ASC campus I hope that the students will not let another year go by without a Geechee. A lot of time goes into making a yearbook, but with determination and dedication it can be done — as this year's book proves —. I have but one thing to say to Al Harris and the rest of the none believers, I told you we could do it!!!!!!!!

For those of you with criticisms about this book I say that we few have done our best and if you think you can do a better job I invite you to join the 1982 Geechee staff.

Rebecca S. Mueller, Editor

Dear Mr. Printer:

I thought I'd sent page forty-four
But I just found it on the floor.
It is enclosed with ninety-eight
I'm sorry it's a month too late.

I said I'd sent the rest myself,
These ten were lying on a shelf.
The pages sent as six and seven,
I'd like to change to ten and eleven,
That is unless they're already done,
In that case make it ninety-one.

Please send page twelve and thirteen back,
I should have made those two girls' track,
Instead I sent girls' volleyball,
And that can't go in at all.
I had it planned wrong, that's the thing
I plumb forgot it came in "Spring."

I'm sorry all our stuff was late,
Could that affect delivery date?

Love,
The Editor

Vernon Hall

An accomplished musical mechanic, solid vocalist and sensual writer are terms that have been used to describe the extraordianare, Vernon Hall. He is an up and coming songwriter who received national recognition form the American Songwriter Festival of 1979. Hall has been performing professionally in Florida and California for the past five years. Besides many college appearances and club acts, Vernon has performed with such noted artists as Jimmy Buffett. Livingston Taylor, Harry Chapin and Supertramp. Hall's rich vocals are accompanied by 6 and 12 string guitars, and the rare "hammer dulcimer". (a)$475 (b)$475 (c)$425; $375; $325 (d)$300 (e)no (f)yes (g)no (Vernon Hall Productions, Booth No. 12)

Alma Mater

Alma Mater through the ages,
singing thy undying fame,
Will thy sons and daughters cherish
And defend thy golden name.
To each heart thy noble story
And thy calm and stately grace
Hearald thine immortal glory
Armstrong, hail, all hail to thee.

Alma Mater those before us
Left thine honor great and strong
We who follow take their banner
Raise it with a fighting song!
Consecrated is thy teaching,
Sacred is thy marble height,
Glorious thy spirit reaching
Ever upward to
the light.
